

The mission of the Cincinnati Board of Park Commissioners is: to conserve, manage, sustain, and enhance parks' natural and cultural resources and public greenspace for the enjoyment, enlightenment and enrichment of the Cincinnati community. Our vision is to serve as a leader in using Cincinnati parks to build better lives and better communities. The Park Board's guiding principles are for the parks to be clean, safe, reliable, green, beautiful and enriching.

To that end, Cincinnati Parks Advisory Councils have been developed whose mission is: to build and maintain public support for Cincinnati Parks by providing feedback to the Cincinnati Park Board and exchanging and sharing information and providing mutual support between park advisory councils.

The CUF Neighborhoods Advisory Council participates in this effort with several dozen other groups throughout the city. Membership is informal and open to all who care about the vitality of our parks. Come join us!
